

Restrictions on Repeated Courses

Certain courses in the curriculum may be repeated and count toward graduation. To determine whether a course may be repeated and the conditions under which it may be repeated, check the course description. In addition, please note limits on these courses:

PE Activity : No more than six credits in different physical activities.

Departmental 299/499 : No more than eight credits of individual and independent study. Some departments have other restrictions on applying 299/499 courses to major requirements. See major course requirements for more information.

ED 489 : No more than six credits in college teaching practicum.
