

# New Student Immunization Requirements

Colorado State Law requires you to submit an immunization record with evidence of **two MMR vaccinations** (measles, mumps and rubella) to the Student Health Center. Colorado State Law also requires Fort Lewis College to provide information to all incoming freshman students living on campus about meningococcal (meningitis) disease.

A current copy of your immunization record **must** be submitted by: **September 16** for the **fall** semester, **January 27** for the **spring** semester, by **May 8** for **summer** sessions One, Two, Three and **June 12** for **summer** sessions Four & Five.

**If you do not comply with this requirement, a \$25 fee and a hold on making any registration changes will be placed on your student account.**

**Use the following information to assist you in obtaining and submitting records:**

- Submit an official signed/stamped copy of your record. Have your doctor or school nurse complete the **Release of Immunization Records & Certificate of Immunization** forms found under the "Forms" tab or use the links above to access.
- We **prefer** that the immunization record be sent to the Student Health Center by **scan/email** to [hc\\_immun@fortlewis.edu](mailto:hc_immun@fortlewis.edu). Other options include mailing to (Student Health Center, 1000 Rim Drive Durango, CO 81301) and faxing to (970-247-7621), by the above census date deadlines.

**The Health Center will process your immunization record and respond with an email of receipt by the end of the business week.**
